

## Cities Adopted Code List-Outdated

**SPEER encourages all cities in Texas to provide public access to their local Building Energy Codes online. We have pulled the following information from the source links provided, but please let us know of any updates. The individual local amendments have not been reviewed for equivalence to the published code. Cities included in this list are not current with energy code adoption, meaning they have adopted an energy code older than IECC 2012 or have not provided evidence of IECC adoption at all. All cities included issued 20+ building permits in 2017. Last Updated 5/1/19**
