

# COVID-19 & THE EE INDUSTRY

What percentage drop in business do you expect for 2020?

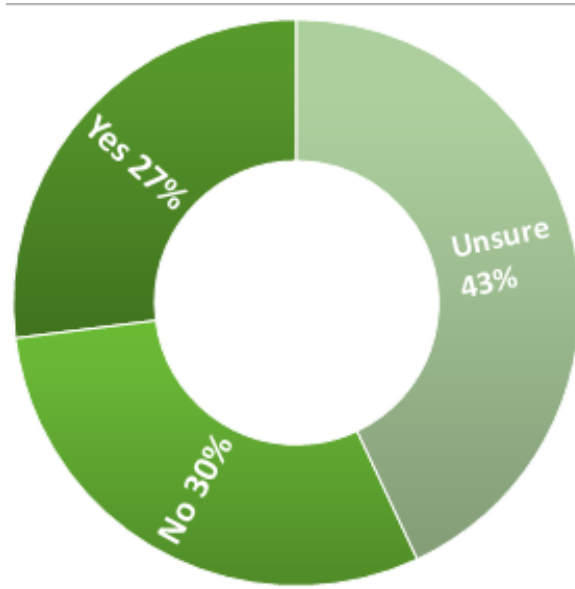

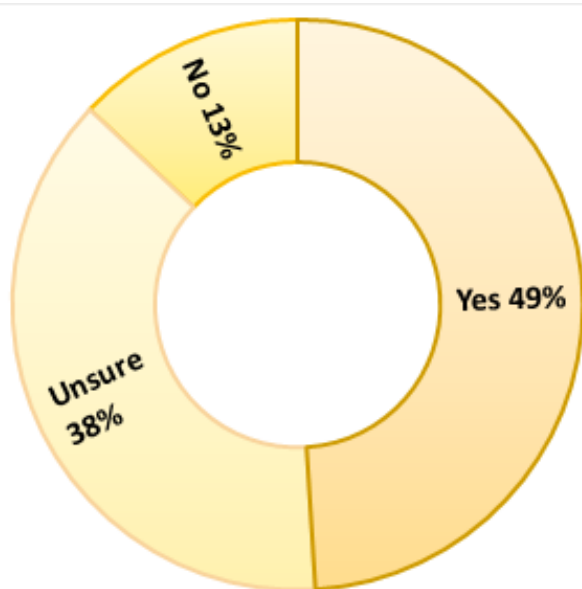

Where have you seen budgetary impacts?

Do you see the economic slowdown impacting your business negatively:

One year from now?

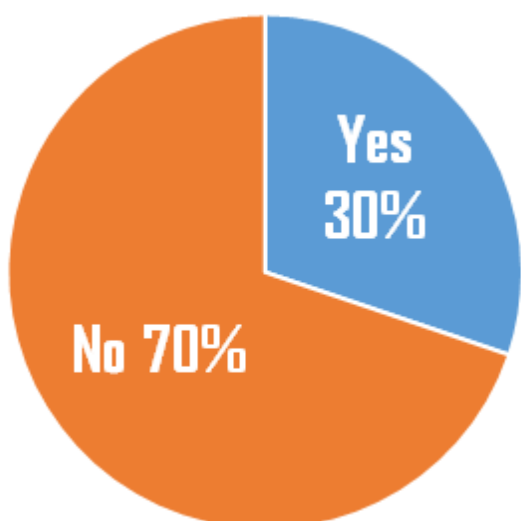

Two years from now?

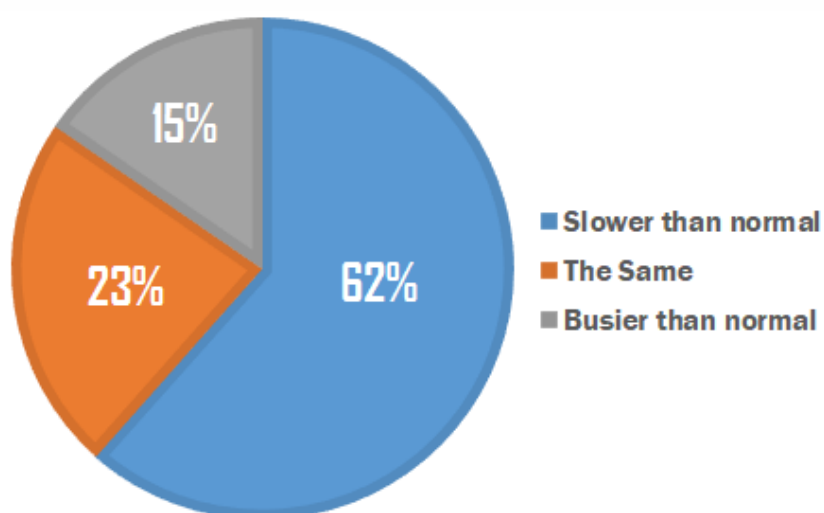

Do you believe customers will allow energy efficiency workers into their businesses/homes in the nearing future?

Has your job status been affected by COVID-19?

How does your level of business during this time compare to pre-COVID times?

Once restrictions ease, will you continue "remote" work options?
