

**Oklahoma 60h Legislative Session Bill Tracking - House Bills \*As of 5/21/25\***

Bill Number	Author(s)	Current Committee	Caption	SPEER Analysis	Last Action
HB 1031	Kendrix, Bergstrom	Administrative Rules	Sunset; Oklahoma Energy Resources Board; extending sunset year.	Extends sunset provision through July 2026.	2025-04-29 Becomes law without Governor's signature 04/29/2025
HB 1044	Jenkins	Energy	Wind energy facilities; creating the Vital Industries Security Act of 2025; authorizing county commissions to make certain moratorium declaration; effective date.	Any county commission in any county in the state home to a facility spanning 2 or more counties that serves as primary oil resources may declare a moratorium on the construction of wind energy construction.	2025-02-04 - Referred to Energy
HB 1093	Cornwell	Energy	Wind energy facilities; requiring wind energy facilities lease and distribute royalties equally to certain landowners; effective date.	Requires wind energy facilities to lease and distribute royalties to all landowners with adjacent properties within a radius of 1,800 feet of the base of any wind turbine.	2025-02-04 - Referred to Energy
HB 1154	Banning	Rules	Energy; creating the Reliable Energy Policy Act of 2025; effective date.	Shell bill for Reliable energy policy act 2025	2025-02-04 - Second Reading referred to Rules
HB 1156	Cornwell	Energy	Wind energy facilities; prohibiting construction of wind energy facilities within certain distance of adjacent properties; effective date	adds 1/2 mile from property line requirement for wind energy facility setback statutes	2025-02-04 - Referred to Energy
HB 1263	hays, Woods	Rules	Wind energy facilities; requiring Oklahoma Water Resource Board conduct certain study; effective date	Requires the Oklahoma Water Resources Board to conduct detailed study to assess the effects of wind turbine footings on the states aquifers and groundwater resources	2025-02-13 - Referred to Rules
HB 1374	Boles	Utilities	Utilities; modifying certain exception to definition; effective date.	Updates definition of public utility to include scope of electricity services.	2025-05-06 Remove as author Senator Green; authored by Senator Woods
HB 1373	Boles, Green	Energy and Natural Resources Oversight subcommittee	Commercial solar facilities; creating the Commercial Solar Facility Decommissioning Act; defining terms; effective date.	New law to create the "commercial solar facility decommissioning act"	2025-05-05 Approved by Governor 05/03/2025
HB 1431	Boles	Rules	Energy; creating the Reliable Power Act of 2025; effective date.	Shell bill for reliable power act 2025	2025-02-04 - Second Reading referred to Rules
HB 1450	Shaw	Energy	Renewable energy facilities; placing a moratorium on construction or expansion of certain wind and solar energy facilities in this state; emergency.	establishes moratorium on construction or expansion of any new or existing wind or utility scale solar energy facilities	2025-02-04 - Referred to Energy
HB 1451	Shaw, Hamilton	Energy	Green energy setbacks; creating setback requirements for certain solar energy farms; modifying setback provisions for wind energy facilities; effective date	Limits the construction of wind facility from nonparticipating property to three nautical mile.	2025-02-04 - Referred to Energy
HB 1452	Shaw	Appropriations and Budget Finance Subcommittee	Revenue and taxation; Green Energy Subsidy Recapture Tax Act; definitions; purpose; tax levy; exemptions; reporting procedures; remittance; apportionment of revenues; effective date.	Levies tax on electricity production from zero emission facilities (Renewables)	2025-02-04 - Referred to Appropriations and Budget Finance Subcommittee [
HB 1543	Patzkowsky, Green	Appropriations and Budget Natural Resources Subcommittee	Oklahoma Conservation Commission; expanding powers and duties of the Commission; effective date.	Allows OCC to enter into contracts and agreements to creating shared positions, administering statewide programs with districts, exploring funding sources for conservation programs, practices, and pilot projects.	2025-05-13 Vetoed 05/13/2025
HB 1580	Lawson	Rules	Revenue and taxation; income tax credit; eligible energy efficient residential properties; effective date	For years on or after jan 2026, a \$2,000 credit eligibility will be offered for residential energy efficient homes under the EPA's energy star homes program, and a \$4,000 credit eligibility for energy efficient residential property under the DOE's Zero energy ready homes program.	2025-02-04 - Second Reading referred to Rules
HB 1737	Chapman	Rules	Corporation Commission; creating the Natural Gas Utility Infrastructure Cost Recovery Act of 2025; defining terms; effective date	Establishes a procedure for natural gas utilities to pre-apply for infrastructure cost recovery at the Corporation Commission	2025-02-04 - Second Reading referred to Rules

HB 1930		Rules	Energy; creating the Energy Transparency Act of 2025; effective date	Shell bill for energy transparency act 2025	2025-02-04 - Second Reading referred to Rules
HB 1989	Turner, Cornwell	Energy	Wind farms; modifying date; modifying list of setbacks; effective date.	Adds prohibition of wind farms if within two nautical miles from a wildlife refuge, management area, or body of water, or active aquifer.	Feb 19 @ 10:30 am in Room 206
HB 2037	Archer, Frix	Energy	Counties and county officers; energy conservation; repealers; effective date.	Repeals Oklahoma city and county energy conservation act, energy conservation contracts and lease purchase agreement section.	2025-05-12 Approved by Governor 05/09/2025
HB 2040	Archer	Rules	Energy; creating the Energy Modernization Act of 2025; providing for noncodification; and providing an effective date.	Shell bill for energy modernization act 2025	2025-02-04 - Second Reading referred to Rules
HB 2041	Archer	Rules	Energy; creating the Energy Updating Act of 2025; effective date.	Shell bill for energy updating act 2025	2025-02-04 - Second Reading referred to Rules
HB 2042	Archer	Rules	Energy; creating the Energy Updating Act of 2025; effective date.	Shell bill for energy updating act 2025	2025-02-04 - Second Reading referred to Rules
HB 2043	Archer, Hall	Energy	State government; Energy Discrimination Elimination Act of 2022; contracts; definitions; emergency.	Cleanup bill from Energy Discrimination Elimination Act of 2022	2025-04-28 Placed on General Order
HB 2046	Archer	Rules	Energy; creating the Energy Modernization Act of 2025; providing for noncodification; and providing an effective date.	Shell bill for energy modernization act 2025	2025-02-04 - Second Reading referred to Rules
HB 2074	Jenkins	Energy	Utilities; repealing sections; effective date.	Repeals wind energy development section and SPP report section of 17 O.S.	2025-02-04 - Referred to Energy
HB 2084	Blair	Commerce and Economic Development Oversight	Professions and occupations; continuing education; license renewal; effective date	effective Jan 2026, no contractor or journeyman license will be renewed unless licensee completed continuing education requirements 3 years preceding the renewal. If expired, any continuing education credits will be applied to preceding 36 month , once requirement completed license can be renewed.	2025-05-07 Approved by Governor 05/06/2025
HB 2155	Dobrinski, Green	Energy and Natural Resources Oversight subcommittee	Corporation Commission; creating the Renewable Energy Facility Act; emergency	Establishes a new law, the "Renewable Energy Facility Act". Requires Corporation Commission to develop rules for governing the operations of energy facilities. The new permit approval process requires facility to provide name, legal description of facility, insurance coverage, water sources used, current safety and environmental plans, disposal methods of equipment and substances, and decommission notification and plan. Additional permit needed for expansion. Establishes penalty for violation.	2025-05-19 HC's named: Conference Committee on Energy and Natural Resources Oversight
HB 2156	Dobrinski, Murdock	Energy	Property; solar energy facilities; setbacks; effective date.	Establishes setbacks for solar energy facilities, excluding residential solar energy panels, not allowing them to be within 100 feet of any outer boundary of the facility property, 100 feet of public road right of way,	2025-04-29 Placed on General Order
HB 2157	Dobrinski	Appropriations and Budget	Renewable energy; stating legislative intent; creating the Oklahoma Agrivoltaics Act; emergency.	New law to state legislative intent for renewable energy development and its impact on agricultural industry. Creates the Oklahoma Agrivoltaics Advisory Council. Creates the Oklahoma Agrivoltaics Cash Revolving Fund	2025-05-21 CCR submitted; conferees unable to agree
HB 2214	Lay	Rules	Labor; Oklahoma Energy Industry Incentives and Workforce Investment Act of 2025; effective date.	Shell bill for Oklahoma energy industry incentives and workforce investment act 2025.	025-02-04 - Second Reading referred to Rules
HB 2751	Caldwell	Utilities	Facilities; Corporation Commission; generation facility; competitive bids; independent evaluator; electrical cooperatives; codification; effective date.	Grants authority to OCC for transmission facility inconnection and construction in a SPP plan	2025-04-24 Failed in Committee - Energy
HB 2752	Caldwell	Utilities	Eminent domain; electricity; facilities; private property; certificates; Corporation Commission; effective date	Prohibits the use of eminent domain for win energy, solar energy, battery storage, hydrogen, or other renewable facilities.	2025-05-20 Conference granted, SCs named Gollihare, Green, Paxton, Kern, Rader, Dossett

HJR 1003	Jenkins, Bullard	Rules	Oklahoma Constitution; eminent domain; wind energy projects; ballot title; filing	Prohibits the use of eminent domain for siting or construction of wind turbines on private property, or the siting, building, or construction of transmission lines associated with projects used primarily for renewable energy	2025-02-04 - Second Reading referred to Rules
HCR 1001	Hilbert, et al		Concurrent Resolution; proposed energy corridor; private property rights; commitment by Oklahoma House of Representatives and the Oklahoma State Senate.	States that the Legislature is committed to taking action to prevent the 18 mile wide corridor or any other corridor which would condemn and confiscate private property to locate renewable energy or high voltage electric transmission lines.	2025-02-03 - Authored by Senator Green (principal Senate author)
<b>Oklahoma 60th Legislative Session Bill Tracking - Senate Bills *As of 5/21/25*</b>					
Bill Number	Author(s)	Current Committee	Caption	SPEER Analysis	Last Action
SB 2	Green, Pfeiffer, Seifried, Thompson	Energy	Wind energy facilities; providing setback requirements for wind towers. Emergency	Limits the construction of wind facility from residential dwellings and nonparticipating property to one quarter nautical mile.	2025-05-08 HAS read
SB 93	Prieto, Boles	Energy	Distributed energy resources; establishing provisions for microgrid generation. Effective date	Prohibits a microgrid owner or operator from constructing and/or maintaining electric lines, including poles, in around or along any road unless they provide corporation commission a performance bond in the amount of the value of the line. T&D utility must be made aware in writing. Allows behind the meter development for DER's for datacenters.	Feb 20 @ 9:45 am in Room 230
SB 99	Boren	Revenue and Taxation	Income tax credit; reauthorizing credit for construction of energy efficient property for certain tax years. Effective date.	reauthorizes tax credit for energy efficient properties from 2006 through 2025.	2025-02-04 - Second Reading referred to Revenue and Taxation Committee then to Appropriations Committee
SB 131	Burns, Boles	Energy	Nuclear energy; establishing provisions relating to retirement and replacement of coal-fired electric generation facilities; authorizing construction of nuclear power plant by certain entities. Effective date.	Requires utility when retiring a coal fired power plant to prioritize small modular reactor or natural gas powered electric generation resource.	2025-02-13 - Reported Do Pass, amended by committee substitute Energy committee; CR filed
SB 298	Prieto	Revenue and Taxation	Taxation; gross production tax on certain interests; providing exemption. Effective date.	Provides microgrids that are supplied by oil and gas for electricity generation to earn an exemption from 50% of the gross production tax levied pursuant to this section B (tax levied on gross value of production of oil and gas).	2025-02-04 - Second Reading referred to Revenue and Taxation Committee then to Appropriations Committee
SB 239	Wingard, Shaw, Bullard	Revenue and Taxation	Income tax; limiting credit allowance for zero-emission facilities to certain tax years; limiting carry forward of credit. Effective date.	Ends tax credits for zero emission facilities in 2025.	2025-02-05 - Coauthored by Senator Bullard
SB 279	Green, Boles, Gollihare	Energy	Electric transmission; requiring transmission developer to submit certain application for certificate of authority prior to transmission development. Emergency.	Requires transmission developer to file application to obtain certification from OCC for each facility.	Feb 20 @ 9:45 am in Room 230
SB 352	Gollihare, Pfeiffer, Green	Judiciary	Eminent domain; prohibiting use of eminent domain for certain facilities; requiring authorization by Corporation Commission for exercise of eminent domain by certain entities for specified purpose. Emergency.	Prohibits the use of eminent domain for renewable energy, battery storage, or hydrogen development.	2025-02-13 - Placed on General Order
SB 429	Hamilton, Jett	Energy	Wind energy facilities; providing setback requirements for wind towers from certain dwellings and property boundaries. Emergency.	Limits the construction of wind facility from residential dwellings and nonparticipating property to one and a half nautical mile.	2025-02-13 - Coauthored by Senator Jett

SB 460	Green, Boles	Energy	Natural gas; modifying natural gas energy standard. Effective date. Emergency.	Declares the intent of the state that new generating facilities and added capacity be from natural gas and any facility choosing a source other than natural gas may provide evidence to the Corporation Commission that the non-natural gas resource is in the best interest of the state.	2025-04-28 Approved by Governor 04/28/2025
SB 480	Green, Boles	Energy	Oklahoma Energy Resources Board; extending sunset. Effective date. Emergency.	extends sunset provision for oklahoma energy resources board to july 1 2028.	2025-05-14 Approved by Governor 05/14/2025
SB 610	Boren	Energy	Corporation Commission; requiring submission of information regarding certain technology usage. Effective date.	Adds the inclusion of grid enhancement technology to mitigate energy costs for rate regulation application.	2025-02-04 - Second Reading referred to Energy
SB 612	Boren	Energy	Public utilities; requiring public utilities to develop energy security plan; specifying plan contents. Effective date	requires utilities to maintain an energy security plan providing guidance and oversight to maintain a reliable and resilient supply of energy.	2025-02-04 - Second Reading referred to Energy
SB 614	Boren	Energy	Department of Commerce; requiring Department to publish and annually update certain information. Effective date	Requires Dept of Commerce to make publicly available updated information on federal, state, local, and tribal energy efficiency incentive programs.	2025-02-04 - Second Reading referred to Energy
SB 619	Boren	Energy	Industrial energy usage; requiring energy consumers to submit certain efficiency plan. Effective date.	Establishes a plan for industry using on average in excess of 75 kWh per square foot per year, or 70k btu's per square foot annually must provide a 24 month energy efficiency plan to ODOC.	2025-02-04 - Second Reading referred to Energy
SB 713	Jech	Energy	Wind energy facilities; requiring newly-established facilities to apply for certain technology system by certain date; providing for certain cost recovery. Effective date.	New law requiring owner, operator, or developer of wind energy facility that has not installed a light-mitigating system must apply to FAA for installation of system to be in compliance.	2025-05-20 Referred for enrollment
SB 714	Rader, Moore	Energy	Energy Discrimination Elimination Act of 2022; transferring enforcement authority to Office of the Attorney General; modifying reporting, disclosure, and judicial provisions for state governmental entities. Effective date. Emergency,	Exempts certain state entities from Energy Discrimination Elimination Act of 2022 and outlines reporting process to Attorney General Office.	2025-02-13 - Reported Do Pass Energy committee; CR filed
SB 915	Green, Boles	Energy	Solar energy facilities; requiring newly constructed facilities to meet certain standards. Effective date. Emergency.	Establishes requirements for commercial solar energy facilities on or after the effective date. Must be installed on permanent grass, not less than 6 feet high, must be 20 feet space between rows, cant be within 500 feet of residential dwelling, must promote optimal runoff flow, and will be liable for all soil erosion on land.	2025-05-06 HAs read
SB 944	Hamilton	Judiciary	Eminent domain; prohibiting use of eminent domain for certain energy projects and facilities. Emergency.	Prohibits the use of eminent domain for renewable energy, battery storage, hydrogen development, carbon capture and sequestration projects.	2025-02-04 - Second Reading referred to Judiciary
SB 1001	Stanbridge	Energy	Corporation Commission; prohibiting certain public utilities from taking certain actions relating to advertising. Effective date.	If a utility is the only operating public utility provider in a territory than advertising expenses are not allowed to be included in ratemaking procedures.	2025-02-04 - Second Reading referred to Energy
SB 1003	Stewart	Energy	Corporation Commission; directing Commission to promulgate certain rules relating to affordable and reliable electricity; providing for coordination with certain utilities and organizations. Effective date.	Establishes provisions for electric grid qualifications for new power generation. Requires at least 48 hour firming standard.	Feb 20 @ 9:45 am in Room 230
SB 1012	Murdock, Newton	Energy	Oklahoma Wind Energy Development Act; establishing waiver process for certain setback provisions. Effective date. Emergency.	Establishes exemption protocol to waive setback requirements if majority of applicable school or hospital board of directors, or other governing body, votes to waive.	2025-02-10 - Coauthored by Representative Newton (principal House author)
SB 1026	Bergstrom	Energy	Wind energy facilities; providing setback requirements for wind towers; establishing decibel limits for nonparticipating properties. Emergency.	Prohibits the construction of a wind energy facility if the base of any tower is less than one and a half nautical miles from the center line of any runway located at a public use airport or muni airport. Amends section to also include prohibition of construction if the base of any tower is less than 2000 feet, or five times the length of a blade from the tower, from the nearest point on the outside wall of any residential dwelling or nonparticipating party.	2025-02-04 - Second Reading referred to Energy
